CONSIDERATIONS

A. Service risks

FS GLOBAL GROUP has identified the existence of the following risks. These risks must be controlled and minimized to guarantee the success of the service on the estimated time.

- Change of coordinator during the execution of the service.
- Requests or requirements not contemplated in the scope of the proposal.

B. Information Confidentiality

FS GLOBAL GROUP guarantees the confidentiality of the information that the client or supplier could provide during the course of the service and guarantees the intellectual property of the client or supplier.

C. Change of scope

The estimated time was based on the information provided by the client. These estimates could be modified if FS GLOBAL GROUP finds requirements that have not been contemplated in the initial estimate or in the case some risks detailed on item A appeared. Therefore, the prices stated could be adjusted with the proper communication to the client, detailing the reasons and new prices.

D. Personnel exclusivity

The client commits to not establish any employment relationship with FS GLOBAL GROUP personnel, during the service and neither after six (06) months after complete completion of the service. This includes the impossibility of hiring, contracting, sub-contracting (full or part-time), to any person of FS GLOBAL GROUP staff, whether these personnel are employed or hired by FS GLOBAL GROUP.

E. Proposal validity

This offer is valid for one (01) calendar year.

F. Cancellation Policy

Any of parties may terminate this service by means of a written communication to the contact person of the counterpart, with not less than thirty (30) calendar days to the effective termination. This does not release any of the parts to fulfill acquired obligations and those that may be pending execution.

G. Authorization of Use of Personal Data

By accepting this proposal, the client declares to know that the personal data provided to FS GLOBAL GROUP is incorporated into our customer data bank and that said information will be used for the purposes of managing the products and / or services requested and / or contracted (including debt collection, financial operations management and correspondence, evaluations, sending information or advertising about the services, among others). This information will be treated in a strictly confidential manner and respecting the technical security measures applicable to each category and type of treatment of the Databases as provided by Law No. 29733, Law on Protection of Personal Data (hereinafter, the Law) and its Regulations, approved by Supreme Decree No. 003-2013-JUS.
